

FBI National Academy Associates Mississippi Chapter

April 17, 2026

Dear Partner,

The Mississippi Chapter of the FBI National Academy Graduates cordially invites you to participate in our Summer Conference. The Mississippi Chapter has a strong history of providing executive level training and educational conferences for the Graduates of the FBI National Academy in Quantico Virginia. Our membership is comprised of law enforcement executives and leaders from law enforcement agencies throughout the State of Mississippi. This conference is an excellent venue to display your products and answer product and service questions.

Our 2026 Summer Conference is set for July 19th to July 23rd, on the beautiful Mississippi Gulf Coast. Our conference will include nationally known experts as conference speakers. Additionally, a number of events are scheduled for the membership to include a Steak Dinner, the President's reception and seafood cookout, a banquet (casual), and morning devotionals that include breakfast with our membership. These events provide our partners with a unique opportunity to show support for our FBINAA members by sponsoring one of our events. As part of your Silver or Gold sponsorship, we invite you to speak to the membership and highlight your products and services (up to 15 minutes during the session or event).

The standard table fee for the conference is \$750.00 (bronze partnership). Additional attendees are welcome, the cost for each is \$150.00. We also offer silver and gold partnership levels which include event sponsorships. I have included an attachment that provides more information on partnership levels.

We invite you to set up on Sunday, July 19th, from 1:00 p.m. to 4:00 p.m. We plan to hold a reception with the vendors in the vendor area from 5:00 p.m. to 6:00 p.m. Afterwards we will open the hospitality room for the evening.

We would appreciate the opportunity to answer any questions you may have about our Chapter and conferences. Please feel free to contact any of our officers for additional information.
